Hydraulic Institute to Exhibit at Upcoming AHR Expo and Showcase Energy Rating (ER) Program

Parsippany, NJ, January 15, 2020 – The Hydraulic Institute (HI) announced today it will be exhibiting at booth #9311 at the 2020 AHR Expo, being held at the Orange County Convention Center in Orlando, FL, February 3-5, 2020.

The Hydraulic Institute (HI) centers the pump industry around excellence, efficiency and evolution to power everyday life. The association rallies its vast membership of pump manufacturers, suppliers, and partners to progress industry-wide standards, education, and strides toward sustainability. During the exhibit, HI will be showcasing its Energy Efficiency programs developed for pump system developers and owners. Included in these initiatives are the Energy Rating (ER) Program which identifies pump technologies that capture energy and cost savings as well as the Pump Systems Optimization and Assessment programs which produce significant energy savings.

AHR Expo hosts over 2,100 exhibitors covering a variety of equipment, systems, components and technology for the air-conditioning, heating, refrigeration and ventilation industry and attracts thousands of attendees.
