

# Table of Contents

|                |    |
|----------------|----|
| Foreword ..... | xi |
|----------------|----|

## Chapter One An Introduction to Variable Frequency Drives (VFDs), 1

|                                   |   |
|-----------------------------------|---|
| 1.1 VFD System Architecture ..... | 2 |
| 1.1.1 Overview .....              | 2 |
| 1.1.2 Basics of a VFD .....       | 2 |
| 1.1.3 Controls .....              | 4 |
| 1.1.4 Motor .....                 | 5 |
| 1.1.4.1 Induction Motors .....    | 5 |
| 1.1.4.2 Synchronous Motors .....  | 6 |
| 1.1.4.3 Speed .....               | 6 |
| 1.1.5 Operating Principles .....  | 7 |

## Chapter Two Application Considerations for VFDs, 9

|   |    |
|---|----|
| 2.1 Overview .....  | 9  |
| 2.2 Load Types and Control Functions .....                              | 9  |
| 2.2.1 Motor Load Types .....  | 9  |
| 2.2.1.1 Variable Torque .....   | 9  |
| 2.2.1.2 Constant Torque .....   | 10 |
| 2.2.1.3 Constant HP Load and Above Base Speed Constant<br>HP Load ..... | 11 |
| 2.2.2 Pump Types .....  | 12 |
| 2.2.3 Torque Profiles .....   | 12 |
| 2.2.3.1 Constant Torque .....   | 13 |
| 2.2.3.2 Variable Torque .....   | 13 |
| 2.2.3.2.1 Rotodynamic Pump Variable Torque .....                        | 13 |
| 2.2.3.2.2 Positive Displacement Pump Variable<br>Torque .....           | 14 |

|         |   |    |
|---------|---|----|
| 2.2.4   | VFD Load Types . . . . .                                  | 14 |
| 2.2.5   | Application/Control Functions . . . . .                   | 15 |
| 2.2.6   | Communications . . . . .                                  | 16 |
| 2.3     | Line Side Electrical Harmonics . . . . .                  | 16 |
| 2.3.1   | Impact of Harmonics . . . . .                             | 17 |
| 2.3.2   | Harmonic Mitigation. . . . .                              | 17 |
| 2.3.2.1 | AC Line Reactor or DC Choke . . . . .                     | 19 |
| 2.3.2.2 | Drive Isolation Transformers (DITs). . . . .              | 20 |
| 2.3.2.3 | Passive Harmonic Filters . . . . .                        | 20 |
| 2.3.2.4 | Multi-Pulse Front End Solutions . . . . .                 | 20 |
| 2.3.2.5 | Active Front End Drives. . . . .                          | 21 |
| 2.3.2.6 | Active Harmonic Filter. . . . .                           | 22 |
| 2.3.3   | Summary of Harmonic Solutions . . . . .                   | 22 |
| 2.4     | Motor and Other Considerations . . . . .                  | 24 |
| 2.4.1   | Motor Winding Insulation . . . . .                        | 24 |
| 2.4.1.1 | Motor Product Terminology . . . . .                       | 24 |
| 2.4.1.2 | Installed Motors . . . . .                                | 24 |
| 2.4.1.3 | New Motors Installations. . . . .                         | 24 |
| 2.4.2   | Motor Bearings . . . . .                                  | 25 |
| 2.4.3   | Pump/Motor Operating Speed Range . . . . .                | 25 |
| 2.4.3.1 | Motor Ability . . . . .                                   | 25 |
| 2.4.3.2 | Turndown Speed Range . . . . .                            | 25 |
| 2.4.3.3 | Guidance on Load Type . . . . .                           | 25 |
| 2.5     | Pump Dynamic Considerations When Applying a VFD . . . . . | 26 |
| 2.5.1   | Rotor and Structural Resonance . . . . .                  | 26 |
| 2.5.2   | Mechanical . . . . .                                      | 27 |

## Chapter Three

### **Installation Considerations for VFDs, 29**

|         |  |    |
|---------|--|----|
| 3.1     | Overview. . . . .                              | 29 |
| 3.2     | Installation Considerations by Topic . . . . . | 29 |
| 3.2.1   | Environment . . . . .                          | 29 |
| 3.2.1.1 | Temperature . . . . .                          | 29 |
| 3.2.1.2 | Altitude . . . . .                             | 30 |

---

|             |  |    |
|-------------|--|----|
| 3.2.1.3     | Space Requirements . . . . .                               | 30 |
| 3.2.1.4     | Enclosure Types . . . . .                                  | 30 |
| 3.2.1.5     | Enclosure Cooling Methods . . . . .                        | 31 |
| 3.2.1.6     | A Note on Hazardous Locations . . . . .                    | 31 |
| 3.2.2       | Electrical System. . . . .                                 | 32 |
| 3.2.2.1     | Grounding. . . . .   | 32 |
| 3.2.2.1.1   | Considerations. . . . .                                    | 32 |
| 3.2.2.1.2   | Grounding of Control System. . . . .                       | 32 |
| 3.2.2.1.3   | Grounding of Motor . . . . .                               | 32 |
| 3.2.2.2     | Power Quality . . . . .                                    | 33 |
| 3.2.2.3     | Short-Circuit Current Rating (SCCR) . . . . .              | 33 |
| 3.2.2.4     | Short-Circuit Protective Devices . . . . .                 | 34 |
| 3.2.2.4.1   | Circuit Breakers . . . . .                                 | 34 |
| 3.2.2.4.2   | Fuses. . . . .   | 34 |
| 3.2.2.4.3   | Lightning and Surge Protection . . . . .                   | 35 |
| 3.2.2.5     | VFD Input Power Cable, Motor Cable, and Control . . . . .  | 35 |
| 3.2.2.5.1   | VFD Input Power Cable . . . . .                            | 35 |
| 3.2.2.5.2   | Motor Cables . . . . .                                     | 36 |
| 3.2.2.5.2.1 | Importance of Incorrect<br>Cable Selection Change. . . . . | 36 |
| 3.2.2.5.2.2 | Unshielded Cable . . . . .                                 | 37 |
| 3.2.2.5.2.3 | Shielded Cable. . . . .                                    | 37 |
| 3.2.2.5.3   | Motor Cable Length and Output Filters . . . . .            | 37 |
| 3.2.2.5.3.1 | Cable Length . . . . .                                     | 37 |
| 3.2.2.5.4   | Installation Recommendations. . . . .                      | 39 |
| 3.2.2.6     | Recommended Cable Routing . . . . .                        | 39 |
| 3.2.2.6.1   | Control Wiring . . . . .                                   | 40 |
| 3.2.2.6.2   | Control Signal Problems . . . . .                          | 40 |
| 3.2.3       | Service Entrance Rating . . . . .                          | 41 |
| 3.3         | Installation and Commissioning Tips. . . . .               | 41 |
| 3.3.1       | General Tips . . . . .                                     | 41 |
| 3.3.2       | Installation in Buildings . . . . .                        | 42 |
| 3.3.3       | Non-recommended Products . . . . .                         | 42 |

## Chapter Four

### **Maintenance, 43**

|                                      |    |
|--------------------------------------|----|
| 4.1 Enclosure Filters . . . . .      | 43 |
| 4.2 VFD Working Area . . . . .       | 43 |
| 4.3 Fans . . . . .                   | 44 |
| 4.4 Heat Sinks . . . . .             | 44 |
| 4.5 Capacitors . . . . .             | 44 |
| 4.6 Other Drive Components . . . . . | 44 |
| 4.7 Electrical Connections . . . . . | 44 |
| 4.8 Maintenance Log . . . . .        | 44 |

## Chapter Five

### **Troubleshooting, 45**

|   |    |
|---|----|
| 5.1 Cautions and Overview . . . . .                           | 45 |
| 5.1.1 Overview . . . . .                                      | 45 |
| 5.1.1.1 Tools and Meters . . . . .                            | 45 |
| 5.1.2 Safety and Caution . . . . .                            | 46 |
| 5.2 Troubleshooting Hardware . . . . .                        | 47 |
| 5.3 Troubleshooting with Fault Codes . . . . .                | 50 |
| 5.4 System Issues by Topic . . . . .                          | 52 |
| 5.4.1 Defining the System . . . . .                           | 52 |
| 5.4.1.1 Troubleshooting Closed Loop Systems . . . . .         | 52 |
| 5.4.2 Common Issues . . . . .                                 | 52 |
| 5.4.2.1 Vibration . . . . .                                   | 52 |
| 5.4.2.2 Waterhammer . . . . .                                 | 53 |
| 5.4.2.3 System Instability . . . . .                          | 53 |
| 5.4.2.4 VFD Use for Anti-clogging . . . . .                   | 54 |
| 5.4.2.5 VFD Ramp Time for Solids Handling Pumps . . . . .     | 54 |
| 5.4.2.6 VFD Use for Wet Well Cleaning . . . . .               | 54 |
| 5.4.2.7 VFD Ramp Time for Submersible Turbine Pumps . . . . . | 54 |
